#### Performance on Indicator Items

The table below displays how your students responded to each EI item, and the difference, in percentage points, between your students and those of your comparison group. Blue bars indicate how much higher your institution's percentage is from that of the comparison group. Dark red bars indicate how much lower your institution's percentage is from that of the comparison group.

Academic Challenge Lamar University

### Academic Challenge: Seniors

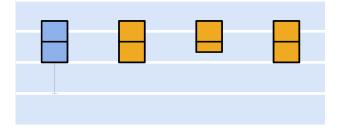

Challenging intellectual and creative work is central to student learning and collegiate quality. Colleges and universities promote student learning by challenging and supporting them to engage in various forms of deep learning. Four Engagement Indicators at part of this theme: ligher-Order Learning, Reflective & Integrative Learning, Learning Strategies, Quantitative Reasoning. Below and on the next page are three views of your results alongside those of your comparison groups.

**Experiences with Faculty** 

Lamar University

### Experiences with Faculty: First-year students

Students learn firsthand how experts think about and solve problems by interacting with faculty members inside and outside of instructional settings. As a result, faculty become role models, mentors, and guides for lifelong learning. In addition, effective teaching requires that faculty deliver course material and provide feedback in student-centered ways. Two Engagement Indicator investigate this them Student-Faculty Interaction and Effective Teaching Practice Below are three views of your results alongside those of your comparison groups.
